Professional Profile

I am a recent graduate from Dublin City University. I have completed a four-year Bachelor of Science (Hons) in Computer Applications receiving a first-class honours degree classification. I have learned an immense amount of computing knowledge during these four years. Programming is my favourite past time and I am hoping to receive an opportunity to programme in a professional setting as this is my life goal. Some of the projects I have worked on can be found on my Github account, link is placed in the top right corner of this page.
